Registration Details
Per ACSM policy, all presenters are required to register and pay the registration fee for the **in-person** conference ("In-Person Programming" or "Bundled Programming" registration options). This includes exhibitors who may also be presenting. Switching your registration option from in-person to online only or vice versa does not switch your presentation format.

Failure to register, including paying the fee, may result in a penalty preventing you from presenting at future annual meetings and will result in your abstract not being published in the online *MSSE* annual meeting supplement.

The Program Committee recommends all speakers pre-register by February 26th to take advantage of the early-bird price break. Click here to register.

You will register for the meeting via the ACSM member website, which is different than the abstract submission database. If you do not have an account on the ACSM member website, you will need to create one in order to register.

Housing
Review housing details and reserve your hotel room.

Withdrawing
ACSM is expecting this abstract/clinical case to be presented in-person in Salt Lake City. However, if an extenuating circumstance arises that prohibits you from presenting your abstract, please immediately inform the ACSM Education Department via email at education@acsm.org. The Board of Trustees has a long-standing policy stating that speakers who fail to provide notice of a reason acceptable to the Program Committee for not delivering an accepted paper will be prohibited from presenting at future annual meetings. Also, be advised that per Program Committee policy, only the first author may withdraw the abstract.

If a co-author is available to present in the absence of a first author, you MUST inform the ACSM Education Department so this can be noted appropriately, and the first author is not considered a no-show. Not registering for the meeting does not imply you are not planning to present.

Social Media
We encourage you to celebrate the acceptance of your presentation by letting your friends and family know about this accomplishment. Click here to find text and graphics you can add to your email signature block or post on your social networks.

Please contact the ACSM Education Department at education@acsm.org with any questions. Thank you for your contribution to the program. We look forward to your presentation.

Sincerely,
2026 ACSM Program Committee
